### W. A. Roystan.

W. A. Roystan died at the Montreal General hospital, Montreal, on Tuesday evening, Dec. 22d, at shortly after nine o'clock. Mrs. Roystan had returned to Montreal immediately after Mr. Roystan's second operation and remained with her husband until the end came. Mr. Roystan was born in Frelisberg, Canada, Dec. 16, 1875, his parents being William Roystan and Louella Connors Roystan of Canada, who came to Vermont when Mr. Roystan was a child and lived on a farm near North Troy. Mr. Roystan commenced work for Chester Phillips at Glover nearly fourteen years ago and learned the taxidermist's trade there as well as photography. On June 16, 1897, he married Helen R. Hoyt of Glover and remained in that town until about five years ago, when he came to Barton and bought the Ed. Walcott studio here, which he has run since that time. Mr. Roystan became an excellent photographer and his work is favorably known all over the state, several of his pictures having appeared in magazines and other publications. Mr. Roystan was a man universally liked, one of those pleasant men with whom it was a pleasure to be associated and a man who will be greatly missed in the community. For the past eight years he had suffered from a stomach trouble and deemed it best to have an operation as the trouble apparently had been growing worse for the past year or more, accordingly he went to Montreal on Nov. 24th and after being under observation there by specialists, he was operated upon and apparently was in a fair way to recovery, but the disease had become too deeply seated and a second operation was necessary later. There was absolutely no help for him, however, and he died at the hospital on Tuesday evening and the body accompanied by Mrs. Roystan, was brought home on Wednesday noon, a large number of Masons meeting the train here. Mr. Roystan was a member of Orleans Lodge, No. 55, F. & A. M., of which body he was junior warden, a member of Malta Commandery at Newport and of Mt. Sinai Temple of the Mystic Shrine. He also was a member of Crystal Lake grange and of the Barton Fire company, and an associate member of the G. A. R. Mr. Roystan leaves his wife, Mrs. Helen Hoyt Roystan, his father, William A. Roystan of Morrisville, two brothers, James Roystan of Morrisville and Byron Roystan of North Haverhill, N. H., and a sister, Mrs. C. F. Bullard of East Rochester, N. Y., to mourn their loss. The funeral services were held Saturday afternoon with prayer at the home and services at the Congregational church at 1:30 p. m. The Masonic order attended in a body. The floral offerings were very beautiful, there being many set pieces from lodges and friends. The services were conducted by Rev. W. A. Warner, assisted by Rev. G. W. Douglass of Glover, and music by the choir of the church. The interment was in the cemetery at Glover.

Friends and relatives from out of town who attended the funeral were: Mrs. Cecil B. Hard of East Rochester, N. Y., Wm. Roystan and Mr. and Mrs. James Roystan of Morrisville, Martin Doulan of Richmond, Mr. and Mrs. E. Townsend, Mrs. Carrie Johnson and Miss Nettie Johnson of Manchester, N. H., Mr. and Mrs. C. H. Root of Craftsbury, G. M. Cuthbertson and daughter Ruth of Greensboro, Mr. and Mrs. Milo Porter, Mrs. A. J. Coburn, and Mrs. H. E. Mann of Troy, Mrs. Will Hackett of Newport, C. S. Stevens, Orleans, H. B. Stanton and daughter, Hortense of St. Johnsbury.

A Card—We wish to express the deep appreciation which is in our hearts for the many words and acts of love and sympathy and the beautiful flowers received during the sickness and death of our loved one. The many beautiful flowers and cheery and loving messages which reached him in the days of suffering in the hospital were treasured by him. May he who notes the sparrows' fall guide you in the Ways of Pleasantness and Paths of Peace.

Mrs. Helen H. Roystan, Wm. Roystan, Mrs. Cecil Bullard, Mr. and Mrs. James Roystan, Byron Roystan.

### Vermont Christmas Mail.

Through the instigation of Chief Clerk David F. Hunt, whose offices are at White River Junction, and who handles the mail coming in from several different routes to White River, a temporary mail room was installed, built into the west end of the main waiting room at White River depot, where the immense amount of holiday mail was handled in a most expeditious manner. Over 6,000 Vermont mail bags were handled from this mailing room and there was absolutely no delayed mail in this large number of bags, due to the systematic work of Mr. Hunt and his corps of mail handlers. The temporary station was installed Monday, Dec. 21, and every mail bag has been handled in such quick time that the mailing room was discontinued on the morning of the 25th. This is really the first year of the reduced parcel post rate and never before has there been anything like the number of packages to be handled by mail this year. There were five 60-foot baggage cars in the mail service between Springfield and White River beside the regular mail car, and three of the extra cars came through to Newport. A crew of forty regular men, together with a special crew of extras, handled this immense mail. One of the men in the mail service stated that he handled 203 registered packages of mail matter on Monday night, Dec. 21, the ordinary amount of this matter is usually under fifty. At some places the trains were over an hour taking on mail bags at the stations. From the number of parcels coming to Barton and Orleans, several trains bringing in from twenty to forty bags, it would seem as though the cry of hard times was decidedly far fetched and if you leave it to the mail service men they will tell you that if it is a case of hard times this Christmas they hope not to be handling mail at a prosperous Christmas season.

### Methodist Episcopal Church Notes

Christmas exercises by the children were pleasing and much enjoyed, reflecting much credit on the committee in charge. The tree was well laden with presents, and we hope every child was remembered. When we consider the amount of time, strength and nerve force required to produce an entertainment like this, it would seem as if our churches ought to be packed to the doors as they used to be.

The closing Sabbath of the year, the music was of the usual high character, although we have missed for the last two Sundays the splendid voice of C. E. Webster, on account of a slight illness. The anthem, "Come Let Us Sing unto the Lord," accompanied by C. S. Webster, violin, was well rendered. Mrs. Adams played for offertory, very sweetly, Barnaby's lullaby song. Sermon from Matt. 5:13, "Ye are the salt of the earth, but if the salt lose its savor, where shall it be salted?" The service pressed with the thought, that now is the time to consider whether we, as a church, or individuals, are the salt that preserves, seasons and purifies, or that which has lost its savor."

Sunday evening a chorus choir from the League furnished the music, and the pastor preached another timely sermon from John 12:21, "Sir, we would see Jesus."

After the regular Thursday evening service of this week, the annual business meeting of the Sunday school board will be held. Every member of this board should be present. On Saturday afternoon at 2:30, the members of the Junior League will meet at the parsonage. The regular monthly business meeting of the Epworth League will be held Sunday evening at 6.

Sunday being the first in the quarter, the Lord's Supper will be celebrated in the morning. In the evening there will be a union service in the Congregational church. Rev. I. A. Ranney will preach.

Miss Flora Dow is spending a week with her mother, Mrs. Walter Colby.

Miss Effie Lafont of Albany is the guest of Mrs. Henry Brooks this week.

The Afternoon Study club meets Thursday with Mrs. A. P. Underwood.

H. T. Seaver has been confined to his home for several days with neuralgia.

Mrs. Clara Burrows was the guest of her mother, Mrs. F. K. Powell, Monday.

Mrs. A. M. Vercoe spent the Christmas holidays with her sisters in Montreal.

Mrs. Walter Colby was the guest of her son, Dr. Wells, at Orleans last week.

Miss Martha Burdick is visiting Miss Eva Rosebrooks at West Burke this week.

Benjamin Morency was in Montreal last week, the guest of his brother there.

Henry Gay has installed an independent telephone at his home on Water street.

### T. N. Vail Offers Farm to the State.

T. N. Vail of Lyndonville has offered his \$150,000 farm at Lyndonville to the state of Vermont as a gift. The farm is to be used as a school for girls. Mr. Vail has sent letters to the members of the incoming legislature stating that he desires to use his energies and means to demonstrate the utility and advantage of schools for girls where they may be thoroughly trained in all home industries and economies to make good homes and housewives. The farm includes hundreds of acres of land and fully equipped buildings. It would cost the state probably between \$20,000 and \$30,000 to maintain such a school. Mr. Vail has done much for Vermont and his agricultural school at Lyndonville is known all over New England as one of the best equipped and most efficient.

### County Agricultural Association to Make Records.

The Orleans County Farmers' association has secured the assistance of representatives of the extension service of the college of agriculture of the University of Vermont and of the United States department of agriculture in making a study of the different systems of farming in this region. It is believed that the best systems of farm management are the result of many years of farmers' experiences. The object of this work is to locate the best systems of farm management, to learn the good points of each and to arrange this information in such a way as to make it valuable to all those who desire it. These men will take an inventory of the farm business for one year from Jan. 1, 1914, to Jan. 1, 1915, on about 100 farms in the vicinity of Orleans making a record of the acreages and yields of crops as well as of the receipts and expenses of the year. It is not necessary that a farmer have accurate records of his sales and purchases, for most men will have these things well enough in mind to be able to give in a short time a record of farm business sufficiently accurate for all practical purposes. If accounts of the farm receipts and expenses are kept, however, it will greatly assist the men taking the records if they are made available. These records will be worked up and summarized by the men who take them. A copy of the summary of each record will be returned to the man who gave it, if he so desires, accompanied by a letter explaining how the farm business was figured and presenting some facts learned from the study of the different types of farming carried on in this locality. All of the information secured will be treated as strictly confidential. No one but the men doing the work will see the records. There are no charges of any kind and this work has no relation whatsoever with taxes. Similar work will be done at the same time in Rutland and Windsor counties and was done last summer in Orleans county. The work in Orleans county will be in immediate charge of Prof. Thomas Bradley, director of the extension service of the state university, assisted by Messrs. David Albro of Burlington, C. F. Brown of Hyde Park, N. Hanson of Derby and E. S. Hayden of St. Albans, representatives of the college of agriculture of the university. They will call on about a hundred farmers in the vicinity of Orleans for the information above outlined. In view of the fact that the data is gathered in the interests of the farmers, it is trusted that courtesy will be shown them and information freely vouchsafed.

### Mrs. Walter Colby has been caring for L. P. Case, who remains in a serious condition.

Will Rushford of Johnson was the guest of his brother, Homer Rushford, last week.

Chas. Sheldon has gone to Barnet to work as telegraph operator in the station there.

The Flint family had a Christmas reunion at the home of W. G. Chadburn in Craftsbury.

Mr. and Mrs. Sam Mitchell's Christmas present was a baby girl, born on Christmas day.

Hiram McLellan has gone to Troy, N. Y., to visit his college chum, Lester Campbell.

Varnum Abbott of Lyndonville was the guest of his parents over the Christmas holiday.

Libby Lewis won last week's prize for highest run at the Laird pool room with a score of 17.

Maynard Foster of the Massachusetts Institute of Technology is at home for a holiday vacation.

Geo. Goodro and family were guests of Mr. and Mrs. Frank Hardy at Orleans Christmas day.

Miss Florence Stone and Miss Katie Smith of Hot Springs are spending a few days in Montreal.

The tub shop started again Monday and if they can get stock from Canada will continue to run without any further shut-downs.

### Vermont Sugar Makers Meet.

The annual meeting of the Vermont Sugar Makers' association is to be at Montpelier, this year Jan. 19-20. This is a meeting of much importance to the sugar makers of Vermont and it is to be regretted that so few from our county have been attendants at previous meetings. At the time of the meeting last January only two Orleans county sugar producers were members of the association. Since that time a few more names have been added, but there should be 50 new members secured at once. The fee is only \$1.00 per year and every member is entitled to 100 lithographed labels for sugar or syrup as is preferred. Messrs True & Blanchard company, who for years past has made a large exhibit at these conventions felt some what chagrined when they found so small a membership from their county and has secured from the secretary of the association a supply of receipts and are ready to accept members and look after all necessary details. Send them your application at once, and try if possible to attend the Montpelier meeting.

### Notice.

The town officers of the town of Barton will meet at the town clerk's office in said Barton on Thursday, Jan. 21, 1915, to settle all claims against the town. The civil board will meet Saturday, Jan. 23, and the auditors will meet on Monday, Jan. 25. Bring in your account on Thursday if you wish it allowed in this year's business.

Geo. F. Reed, E. R. Cook, F. L. Hall.

Selectmen of the town of Barton. 51-2

Miss Ruth Gleason is in Littleton, N. H., the guest of Misses Alice and Ada Murray, this week.

Mr. and Mrs. Walter Dow of Hardwick are guests of their daughter, Mrs. Murray McFarland.

## Barton Academy and Graded School

### A Department for School News

The school wishes a happy New Year to everybody.

### SCHOOL EXHIBIT

Do not forget the school exhibit, which is to be given during the third week in January—the exact date to be announced later. Those in charge of this exhibit hope that all of the townspeople will avail themselves of this opportunity to visit their school and to become better acquainted with the work that the school is doing from day to day.

### CHRISTMAS VACATION

The school closed Wednesday afternoon, Dec. 23, for the holiday vacation and will reopen Monday morning, Jan. 4. Exercises appropriate to the season were held in the high school and grades. The teachers are spending the Christmas vacation at their respective homes as follows: Mr. Bates in town, Mr. Metcalf at his home in Hydeville, Miss Ferrin at Holland, Miss Curry at Longmeadow, R. I., Miss Hazel Harris at her home in Orleans. The grade teachers will spend the vacation at the following places: Miss Holbrook, Mrs. Jennings and Mrs. Heath in Barton, Miss Eldridge at her home in Orleans, and Miss Renfrew in Peacham.

The Latin I class spent a very pleasant social evening Thursday, Dec. 1, at the home of Miss Leda Hawkins, a member of the class. The class formed an organization for the purpose of arousing more interest and enthusiasm in the daily work, with the election of the following officers: President, Miss Marjorie Fisk; vice-president, Miss Bessie Stone; secretary and treasurer, Miss Amy Owen. After a short business meeting an interesting program was enjoyed by all, followed by light refreshments. The meeting closed with the singing of several Latin and Barton academy songs.

### SCHOOL NOTES

School closed Wednesday afternoon of last week for the Christmas recess. The winter term will begin on Monday next. Despite the postponement of school in the fall owing to the infantile paralysis epidemic, the term just completed covered thirteen school weeks.

Appropriate exercises were held in nearly all the grades. In the high school there was an interesting program presented by the training girls.

At the conclusion of the program the faculty added a feature which was designated as "giving Christmas presents by the grab bag method." The teachers had previously prepared, unknown to the pupils, enough bags of "sugared popcorn" and unlabelled presents for the pupils to pass forward and receive. The student body rose and passed forward for the popcorn and little green packages. Much merriment was produced when it was found that the packages contained all sorts of toys, such as horns, toy animals, blocks, whips, canes and the like.

So far the skating rink, which was formerly opened to the public a few nights ago, has done a paying business. About \$18 worth of season tickets have been sold. The ice is in excellent shape. Prospects are that the skating will be good all winter. The rink is open to anyone caring to pay either the price of a season ticket, or the price of single admissions.

Mr. Carpenter, who has been given the contract to lay the floor in the old building now called Barton hall, began his work this week. Some repairing is necessary before the floor will actually be laid. In all probability the work will be completed in a few weeks. Thus will be opened to the boys and girls of the school a fine hall 35 by 65 feet, where social functions may be had and indoor athletics conducted. In all probability this new feature of the life of the school will be nucleus about which we may hope to build up the social, physical and moral side of the lives of our pupils.

Frank Robinson, '15, has returned to school after a long illness, and we are all mighty glad to see him back.

And now we know the secret for all those Junior class meetings, the Junior reception.

Reports for the last four weeks were given out in the high school last week.

Miss Hazel McLellan, '14, Harland Paige, '14 and Ralph King, '13, were among the recent visitors at the high school.

Miss Marion Eldridge of Orleans high school visited Barton academy Monday of last week.

### JOKES

Mr. Bates was telling the boys a few days ago that he wished to have the rink painted red on the outside and cream color on the inside. That would make an attractive rink-house, but—

Ask Miss Ferrin if she likes snakes (?).

Miss Curry, while wrapping up Christmas gifts with green paper, a few evenings since, suddenly exclaimed: "I wish I had some wrapping paper the same color as this, except brown." And we wondered what the color of her paper would be.

Chase, "Say, Campbell, is that the first Algebra class the sixth period?" Camp: "No, sharks."

We give here the high school directory.
